1. A completely mechanized bakery has been started up in Zawiercie (Q51/Y89). The production is 15 tons of baked goods per 24 hours. Twenty per cent of the baked goods is delivered to the military co-operative shops of the Katowice garrison.
2. In accordance with an order from the Ministry of National Defense, soldiers on compulsory service in the infantry, who have finished their basic training, may be sent as required to agricultural work on State Farms (PCR) until they complete their period of active service.<sup>1</sup>

1. Comment: the majority of servicemen released from military service in the autumn of 1952 were made to sign a declaration to undertake work on state farms for one year. It would appear that this did not alleviate the shortage of farm hands and these more stringent measures were imposed.
